

MH101-1B

Mounting Disc with 1/4-28 Integral Mounting Stud, 1.0 in. (25.4 mm) Diameter

VIBRATION ANALYSIS HARDWARE

Product Features

- ▶ Provides a consistent location for a permanent vibration reading location
- ▶ Adhesive mount to avoid drilling and tapping
- ▶ Textured surface on bottom of pad for adhesive bonding

Specifications

Max Temperature	N/A
Case Material	316L Stainless Steel
Pull Strength	N/A
Sensor Mounting	1/4-28 Integral Stud

Chemical Compatibilities for Reference

- ▶ Gasoline - A
- ▶ Methanol - A
- ▶ Lubricants - A

Compatibility

- ▶ Compatible with all sensors with 1/4"-28 mounting holes
